

FCNDT 2026

第三屆 非破壞檢測技術國際研討會 暨 財團法人台灣非破壞檢測協會年會

National Central University (NCU)
15-16 October 2026

The 2nd Formosa Conference on Non-Destructive Testing (FCNDT 2026) is organized by the Society for Non-destructive Testing & Certification of Taiwan (SNTCT). FCNDT 2026 will take place in the National Central University. This conference invites professionals from across the industry and academia to actively participate, connect, and collaborate. Please find the detailed information at <https://www.sntct-eng.org/fcndt2026>.

Focus and Scope

Mechanical Engineering

Petrochemical Industry

Energy Industry

Electronics and Electrical Industry

Rail Transportation and Traffic Industry

Infrastructure and Civil Construction

Aerospace Engineering

Advanced Manufacturing

Biomedical Field

Methods and Techniques

Acoustic Emission (AE)

Leak Testing (LT)

Radiographic Testing (RT)

Structural Health Monitoring

Personnel Training and Certification

Wind Turbine (WT)

Electromagnetic Testing (ET)

Magnetic Testing (MT)

Ultrasonic Testing (UT)

Modeling and Simulation

Quantitative NDT

NDE 4.0 / AI

Infrared Testing (IRT)

Penetrant Testing (PT)

Visual and Optical Testing (VT/OT)

NDT-General

Standardization

Biomedical Testing

Submission Guideline and Important Dates

Participants can submit papers for

(a) paper competitions or (b) regular publications.

Each submission could be for

(1) oral presentation or (2) poster presentation.

Guideline of paper length:

(a1) Oral paper competition: 10–12 pages.

(a2) Poster paper competition: 2–12 pages.

(b1) Oral regular paper: 3–12 pages.

(b2) Poster regular paper: 2–12 pages.

Important Dates:

* Paper Submission Deadline : ~~9/6, 2026~~ Extended to 9/13, 2026

* Last Day of Early-Bird Registration : ~~9/6, 2026~~ Extended to 9/13, 2026

* Announcement of Paper Acceptance : ~~9/10, 2026~~ Extended to 9/17, 2026

* Final Paper Submission Deadline : ~~9/15, 2026~~ Extended to 9/22, 2026

Venue

National Central University (NCU)

No.300, Zhongda Rd., Zhongli Dist., Taoyuan City, Taiwan
